Managment Message

Dear Parents, At Modern British Academy, we believe that education is more than academic achievement. It is about shaping character, inspiring dreams, and creating a safe, nurturing environment where every child feels valued and empowered to succeed.

As the School Operations Manager, I believe that true excellence lies in the smallest details, and a school's greatest achievement is the positive difference it makes in every child's life , Your trust is our greatest responsibility, and your partnership is the foundation of our success. Together, we are not simply building a better school we are shaping a generation of confident, compassionate, and capable future leaders.Every child is a promise. Every day is an opportunity. Every achievement is a shared success.

Afaf Mohamed Al Sghaier
School Operations Manager

PROUD MOMENTS

The Modern British Academy (MBA) has been awarded the ABT Excellence Shield in recognition of its outstanding performance and exceptional results in Arabic language examinations.

Empowering future leaders through outstanding academic excellence since 1993

Golf Session

Our school welcomed the golf team for an introductory session.
Our students explored the basics of golf and took part in practical activities, giving them the opportunity to try new skills and enjoy time with their classmates.

MBA Podcast

Engaging discussion sessions between teachers and students, The podcast aims to bring meaningful, in depth discussions out of the classroom and to parents and the broader educational community, exploring the challenges of modern education and the development of leadership character.
